

Mark II Dynapatch Digital Patch Systems

from

The Dynapatch is a Digital Patch System which supports speeds up to 10 Mbps with RS-232/V.24 and RS-530/422 interfaces. A single Dynapatch chassis supports sixteen circuit modules, one Test Module and one Monitor Module.

The Standard version includes LEDs on the Monitor Module only. Alternatively, the Economy Enhanced version of the Dynapatch has seven front panel indicators for RD, TD, CTS, CD, DTR, RTS and DSR.

Dimensions:

Chassis: 19" W (48.26 cm) x 5" D (12.7 cm) x 5.25" H (13.34 cm)
