Profit Margins Up to 75%

Private Label - Channel Driven - UCaaS

We provide two simple, but powerful private-label services to address any organizations need to provide UCaaS and VoIP services to their customers.

ioSaaS-PLUS

This service plan is dedicated to the provider who may be new, have limited resources, or wants to be more focused on selling UCaaS and VOIP services. We provide and handle the carrier relationship.

ioSaaS

This service plan is for the medium to large provider who wants or has carrier relationships. You handle the carriers, DIDs, porting, and e911.
