

## ErisTerminal® SIP DECT Repeater

### VSP605

When your business grows and you need more phone coverage around the office, use the VSP605 ErisTerminal® SIP DECT Repeater to extend the range of your DECT devices. Pair up to five VSP605 repeaters to the VSP600 ErisTerminal SIP DECT base station to add up to 500 feet of range—in any direction—for your cordless desksets and handsets. Each VSP605 repeater can handle two simultaneous calls. Thanks to seamless handover between repeaters and the VSP600 base, you'll feel confident roaming large offices without interruption.

### VSP605 Key Features

#### Up to 500 feet of range\*

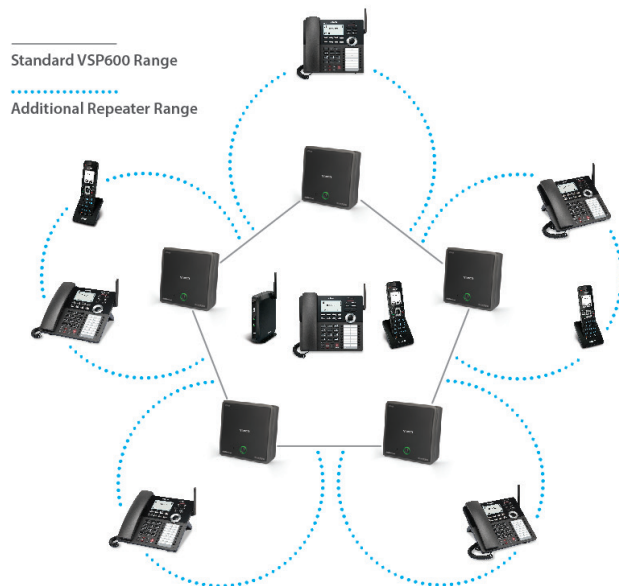

Experience the best in long-range coverage and clarity, provided by a unique antenna design and advances in noise-filtering technology.

#### Up to 5 repeaters per base station

Increase range in multiple directions by pairing up to five repeaters per VSP600.

#### 2 simultaneous calls per repeater

Each repeater can handle two simultaneous calls.

open field range. Actual range may vary depending on intervening obstacles.

Note: Features and functionality may vary, depending on SIP service provider and/or SIP based PBX equipment. © 2017 VTech Communications, Inc. All rights reserved. ErisTerminal® is a registered trademark of VTech Communications, Inc.

#### Seamless handover between repeaters

With seamless handover between repeaters and the VSP600 base, don't worry about losing a call while walking around your office.

#### Three-year warranty

Enjoy the peace of mind that comes with an industry-leading, standard three-year warranty.

#### Compatible with VSP600, VSP601, VSP608
